

SEYMOUR AQUIFER PLANNING AREA (GMA 6)

Joint Planning Group
Notice of Meeting/Public Hearing
Thursday, September 29, 2022
10:00 AM

Gateway Groundwater Conservation District
223 South Main Street
Quanah, Texas

The joint planning meeting will be comprised of the Groundwater Conservation Districts (GCDs) located wholly or partially within Groundwater Management Area 6 (GMA 6) as delineated by the Texas Water Development Board. GCDs located in GMA 6 are Clear Fork GCD, Gateway GCD, Mesquite GCD, Upper Trinity GCD and Rolling Plains GCD.

The meeting will be open to the public.

AGENDA

1. Call to order.
2. Roll Call/Introductions.
3. Public Comment. Please limit individual comments to five minutes each.
4. Discussion and Consideration – The minutes from the November 18, 2021 GMA 6 Meeting.
5. Public Hearing – Any citizens may address GMA 6 relating to the adopted Desired Future Conditions for the Trinity, Ogalalla, Dockum, Blaine, and Seymour Aquifers in the GMA 6 planning area. Please limit individual comments to five minutes each.
6. Discussion and Consideration – GMA 6 is currently considering Desired Future Condition Options for relevant aquifers within the GMA 6 Joint Planning Area, as required in Sec. 36.108 of the Water Code. GMA 6 may receive technical presentations from entities/individuals within GMA 6 who desire to propose alternative Desired Future Condition Options from those being discussed in the joint-planning process. Time permitting, all entities/individuals appearing before GMA 6 for this agenda item may be afforded up to fifteen (15) minutes to make technical presentations on alternative Desired Future Condition Options. All proposed alternative Desired Future Condition Options presented will be considered by GMA 6 and the results of those considerations documented in the GMA 6 Explanatory Report, as required by Sec. 36.108 of the Water Code.
7. Discussion and possible action on Desired Future Conditions for the Ogalalla, Dockum, Blaine, Cross Timbers and Seymour Aquifers in the GMA 6 planning area, including but not limited to areas deemed not relevant, subsidence and feasibility, discuss and review of management plans and any other matters that the boards consider relevant to the protection and conservation of groundwater and the prevention of waste in the management area, to satisfy the requirements of joint planning in the management area, as required in Sec. 36.108 of the Water Code.

The Joint Planning Group shall consider: Aquifer Uses and Conditions, Water Supply Needs and Water Management Strategies, Hydrologic Conditions, Other Environmental Impacts, Subsidence, Socioeconomic Impacts, Private Property Rights, Feasibility and Other relevant information, along with socio-economic studies and a draft explanatory report.

8. Discussion and possible action to appoint representatives from GMA 6 to the regional water planning groups in GMA 6.
9. Discussion and possible action to set date, time and place for the next meeting.
10. Adjourn.

Agenda items may be considered, discussed and/or acted upon in a different order than the order set forth above.

Certification

I, the undersigned authority, do hereby certify that on or before September 9, 2022, at or before 1:00 p.m., I posted by fax copy the above notice of meeting with the each County Clerk's office located within the District and also posted a copy in the front window of the Rolling Plains GCD office in a place convenient and readily accessible to the general public at all times and that it will remain so posted continuously for at least 10 days preceding the scheduled time of said meeting in accordance with the Rules of the District.

Mike McGuire, General Manager
